## **DETAILED ACTION**

### ***Allowable Subject Matter***

1. Claims 14-24 are allowed.
2. The following is an examiner's statement of reasons for allowance:

After further consideration, Applicant's arguments with respect to the 35 U.S.C. 112, first paragraph rejections of 9/27/2010 are persuasive. There is sufficient support for the limitation "without the application of mechanical or physical means that increases the permeation of the composition through the skin." The 35 U.S.C. 112, first paragraph rejections are withdrawn.

Examiner is interpreting that (i) of method 14 happens before (ii) of method 14 since "pre-treating" is claimed in (i) and "topically applying to the pre-treated skin without the application of mechanical or physical means that increases permeation of the composition through the skin" is claimed in (ii). Therefore, the prior art of record does not disclose (ii) since Zhang teaches applying an electric pulse to increase permeation of the topically applied composition.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
